Mayor's Office of Capital Projects**

**Richard J. Switalski, PE, Administration Bureau Manager  
Division of Engineering and Construction**

Invite you to a **PUBLIC MEETING** for the

## **Puritas Avenue Resurfacing**

**When:** Tuesday, January 7, 2014 **Time:** 6:30 P.M.

**Where:** Blessed Trinity Catholic Church Rectory Basement  
(Rectory located next to Nature's Way Daycare)  
14040 Puritas Ave.  
Cleveland, Ohio 44135

**What:** The purpose of this meeting is to present the Puritas Ave Resurfacing plan to the public and to gather public input on that plan. The project limits are SR 237 to W. 130<sup>th</sup> Street. The improvements include pavement repairs, spot curb repairs, sidewalk and driveways where necessary, replacement of inadequate catch basins, and ADA compliant ramps at all non-compliant locations. The City would also like to add green space where widened driveways and sidewalks exist.

Final pavement markings will consist of a 3-lane roadway with one travelled lane in each direction and a center left turn lane. 5 foot bicycle lanes will be added in each direction.

**Why:** Once your input is received, we will prepare the final Construction Plans. The Construction Plan will be presented at a future public meeting.

### **Agencies represented:**

- Cleveland City Council Representatives
- City of Cleveland - Division of Engineering & Construction
- Bellaire-Puritas Development Corporation
- Kamm's Corners Development Corporation
